

# INTERNAL GROOVE BORE GAUGES

**INSIZE PLUS**

digital indicator is optional

2433-180

- Measure diameter of internal grooves ( width of groove > 3mm)
- Anvil is optional
- Optional accessory:
  - Digital/dial indicator, dial comparator
  - Setting ring (code 6312)

Code	Range	Retraction of anvil	Measuring depth H	Accuracy (without dial indicator)	Repeatability (without dial indicator)	ØR	ØD	L
2433-120*	60-130mm	10	240	2µm	1µm	12mm	2.5mm	400mm
2433-180*	130-200mm	22	240	2µm	1µm	12mm	3mm	400mm
2433-300*	200-300mm	30	195	2µm	1µm	18mm	4mm	364mm

\* Supplied with manufacturer inspection certificate

Anvil (optional)

Code	Remark
2433-P□□□□	We design and make anvils according to the grooves to be measured**

\*\* Note: please provide the dimension of grooves to be measured.
