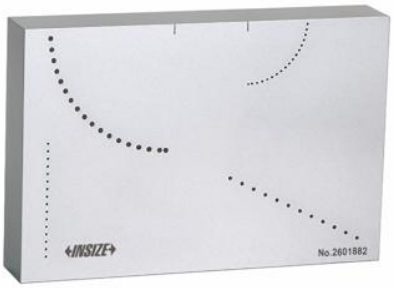
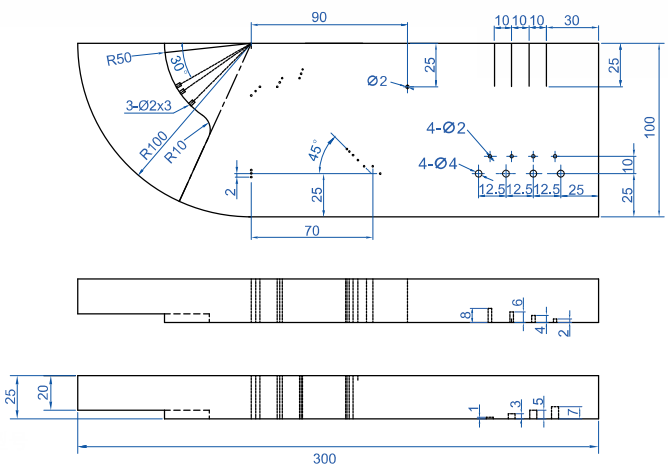
STANDARD TEST BLOCKS FOR ULTRASONIC PHASED ARRAY DETECTION

UFD-KPA (type A)

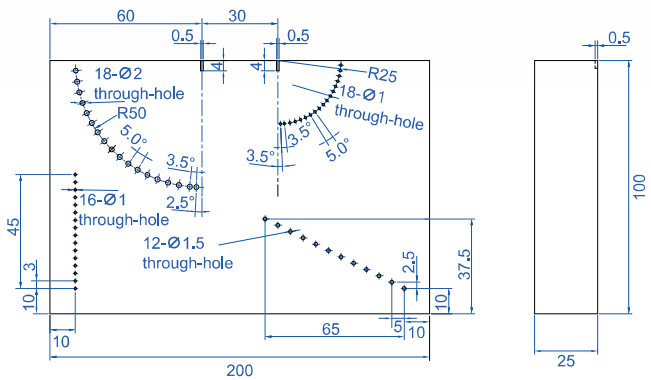


UFD-KPB (type B)

Unit: mm



Unit: mm



- Conforms to NB/T 47013 standard
- Simulate defects in standard through-holes and blind holes at different locations, angles, and sizes

SPECIFICATION

Code	Material	Casing dimension (L×W×T)	Features
UFD-KPA	20#	300×100×25mm	lateral resolution (angle), longitudinal resolution (depth), short-defect resolution
UFD-KPB	20#	170×100×25mm	lateral dimensional error, longitudinal dimensional error, sector angle error, angular resolution
