

ELECTRONIC ANALYTICAL BALANCES

INSIZE PLUS

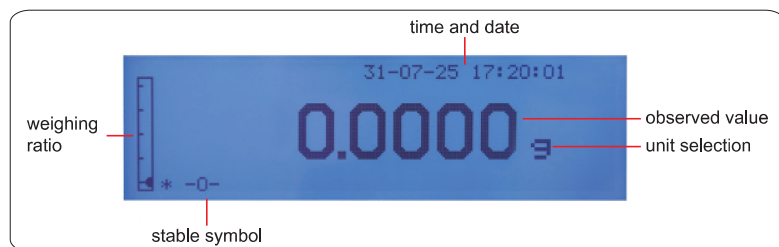

HIGH
ACCURACY

DATA
OUTPUT

- Downward-mounted electromagnetic sensor
- Aluminum alloy base, wind shield, three side glass sliding doors
- Zero-setting, weighing, subtracting tare value
- Counting, checking alarm, accumulation, animal scale, percentage display
- Peak (max.) and tracking mode
- Administrator rights
- Recipe database: 99 recipes, up to 20 ingredients per recipe
- LCD display, with backlight
- Data output
- Automatic power off
- Unit: g, mg, ct, oz, ozt, dwt, mlb, GN, tj, gj, mo
- With a hook at the bottom

8312-220

weighing test Interface

OPTIONAL ACCESSORY

Portable ioniser	8312-PI
Printer	8306-PRINTER

SPECIFICATION

Code	8312-120	8312-220	8312-120A	8312-220A	8312-310A
Calibration method	external calibration		internal calibration		
Maximum weighing	120g	220g	120g	220g	310g
Minimum weighing	10mg	10mg	10mg	10mg	10mg
Resolution (d)	0.1mg	0.1mg	0.1mg	0.1mg	0.1mg
Verification interval (e)	1mg	1mg	1mg	1mg	1mg
Repeatability	±0.1mg				
Linearity	±0.3mg				
Stabilization time	2.5s				
Output	RS232				
Weighing pan size	Ø80mm				
Operation temperature	18~23°C				
Operation humidity	20~85%RH				
Power supply	power adapter (24V/1A)				
Dimension (L×W×H)	350×215×345mm				

portable ioniser (optional)

printer (optional)
