DISPLAY FLIPS OVER WHEN THE BOTTOM FACES UP | BACKLIGHT | WORKING TEMPERATURE -10°C~50°C

ABSOLUTE LEVEL | WITH LASER | FOUR MAGNETIC SIDES

DIGITAL LEVEL AND SLOPE METER WITH LASER

4925-90

- Used as level and slope meter, measure the angle of two separate surfaces
- Aluminum frame, four magnetic sides
- Two-way laser beam, can switch to one-way
- Display flips over when the bottom faces up
- Buttons: ON/OFF, ZERO, HOLD, display unit (°, %), laser change (one-way/two-way)
- Rechargeable Li-ion battery 3.7V, USB-C port
- Automatic power off in 5 minutes

Code	Range	Resolution	Accuracy	Laser Accuracy
4925-90	4×90°	0.05°(=0.873mm/m)	±0.2°	±5mm (≤2m)*

*For one-way laser beam ≤2m, the maximum vertical offset error is 5mm
